

1 inserting an antisemitic anti-Israel curriculum into kindergarten-through-twelfth-grade classrooms
2 as the only correct view about the issues it discusses; and Co-Lead of Arab American Studies for
3 the Liberated Ethnic Studies Model Curriculum Consortium (“LESMCC”), which promotes
4 teaching the Draft Model Curriculum and also promotes the practice of *hiding* the teaching of these
5 views from parents, the public, and any supervisory school employees who might be opposed to the
6 teaching of this view.

7 7. Created in 2019, the Draft Model Curriculum was widely criticized by Jewish and
8 non-Jewish organizations and leaders because it contained anti-Israel and antisemitic anti-Zionist
9 material. The Draft Model Curriculum was ultimately vetoed by Gov. Gavin Newsom, who called
10 it biased, bigoted, and discriminatory, as more fully alleged below.

11 8. The Draft Model Curriculum’s teaching on these subjects is barred by California
12 law: not only by its general provisions proscribing the teaching of bias on the basis of nationality,
13 ethnicity and religion, but also by the specific provisions of A.B. 101, which was adopted by the
14 California legislature, and signed by Governor Newsom, precisely because it had been modified
15 explicitly to bar the teaching about the Jewish State which the Draft Model Curriculum advocates
16 and for which Shoman was largely responsible.

17 9. Specifically, A.B. 101, the law adding ethnic studies to California’s high school
18 graduation requirements, prohibits using biased materials and states that it is the legislature’s intent
19 *not* to use the original draft model curriculum rejected in 2019, because of concerns that it is
20 discriminatory:

21 (v) Curriculum, instruction, and instructional materials for a course described in
22 clause (ii) shall meet all of the following requirements:

- 23 (I) Be appropriate for use with pupils of all races, religions, nationalities,
24 genders, sexual orientations, and diverse ethnic and cultural
25 backgrounds, pupils with disabilities, and English learners.
26 (II) Not reflect or promote, directly or indirectly, any bias, bigotry, or
27 discrimination against any person or group of persons on the basis of
28 any category protected by Section 220.
 (III) Not teach or promote religious doctrine.

 (vi) It is the intent of the Legislature that local educational agencies, including
charter schools, consider that, pursuant to Section 51226.7, the Instructional
Quality Commission undertook a lengthy, thorough, deliberative, and
inclusive process before submitting a model curriculum in ethnic studies to
the state board. To the extent that local educational agencies, including

1 charter schools, choose to locally develop an ethnic studies program for
2 approval by their governing board or governing body, *it is the intent of the*
3 *Legislature that local educational agencies not use the portions of the draft*
4 *model curriculum that were not adopted by the Instructional Quality*
5 *Commission due to concerns related to bias, bigotry, and discrimination.*²

6 10. Gov. Newsom quoted this statutory language in his October 8, 2021 signing
7 statement, which read:

8 I appreciate that the legislation provides a number of guardrails to ensure that
9 courses will be free from bias or bigotry and appropriate for all students. The bill
10 also expresses the Legislature’s intent that courses should not include portions of the
11 initial draft curriculum that had been rejected by the Instructional Quality
12 Commission due to concerns related to bias, bigotry, and discrimination.³

13 11. Regarding bias generally, Section 220 of the state’s education code explicitly states:

14 No person shall be subjected to discrimination on the basis of disability, gender,
15 gender identity, gender expression, nationality, race or ethnicity, religion, sexual
16 orientation, or any other characteristic that is contained in the definition of hate
17 crimes set forth in Section 422.55 of the Penal Code in any program or activity
18 conducted by an educational institution that receives, or benefits from, state financial
19 assistance or enrolls pupils who receive state student financial aid.⁴

20 12. Furthermore, the state’s education code expressly prohibits teachers from teaching
21 bias and prohibits school boards from adopting instructional materials that promote bias:

22 51500 A teacher shall not give instruction and a school district shall not sponsor any
23 activity that promotes a discriminatory bias on the basis of race or ethnicity,
24 gender, religion, disability, nationality, or sexual orientation, or because of a
25 characteristic listed in Section 220.

26 51501 The state board and any governing board shall not adopt any textbooks or
27 other instructional materials for use in the public schools that contain any
28 matter reflecting adversely upon persons on the basis of race or ethnicity,
29 gender, religion, disability, nationality, or sexual orientation, or because of a
30 characteristic listed in Section 220.⁵

2 13. LESMCC, of which AEP employee Shoman is Co-Lead of Arab American Studies,
3 has publicly admitted its opposition to the state’s decision to oppose teaching of the Draft Model
4 Curriculum. LESMCC’s *raison d’être* is to promote the teaching of the contents of the Draft Model
5 Curriculum, including specifically the material that the legislature and governor found to be biased,
6 bigoted, and discriminatory. *See, e.g.,* Liberated Ethnic Studies Model Curriculum website,
7 “LESMC Story” (attached hereto as Exhibit “A”).⁶

8 14. The LESMCC, of which AEP employee Shoman is Co-Lead of Arab American
9 Studies, explicitly teaches that the decision made by the California government to alter the ethnic
10 studies curriculum that they drafted is wrong and was caused by “[t]he state’s submission to
11 rightwing demagogues and lobbyists.” *See* LESMC Story at A-000004 (Exhibit “A”).

12 15. AEP-employee Shoman reportedly played a leading role in developing the anti-Israel
13 component of the Draft Model Curriculum. Her public statements make clear that she believes that
14 all Zionist ideas, history and claims are false, immoral, and should never be presented as credible in
15 any classroom.⁷

16 16. During a webinar held February 7, 2021, AEP-employee and Draft Model
17 Curriculum lead Shoman reportedly displayed a slide that expressly stated, “Zionists have no place
18 in the classroom!”⁸

1 17. LESMCC, of which AEP employee Shoman is Co-Lead of Arab American Studies,
2 explicitly instructs teachers using its curriculum and teaching materials to hide what they are doing
3 from the public, parents, and School District supervisors. LESMCC teaching materials advise
4 teachers to ask themselves: “if you tell [others] about your plans,” is the teacher’s “administration
5 likely to be supportive?” If not, teachers are advised that they may well be “better off trying to fly
6 under the radar.” See *Preparing to Teach Palestine: A Toolkit* (hereinafter “Teach Palestine”)⁹ at B-
7 08 (attached to this Petition-Complaint as Exhibit “B”).¹⁰

8 18. Similarly, the materials put out by LESMCC, of which AEP employee Shoman is
9 Co-Lead of Arab American Studies, advise teachers to teach Liberated Ethnic Studies in secret if
10 that is the course most likely to allow such teaching at all: “Be Strategic!” Teach Palestine at B-07
11 (Exhibit “B”). Perhaps, LESMCC recommends, teachers should take as role models other “teachers
12 who shut their doors and teach their students liberatory [*sic*] curriculum.” Teach Palestine at B-12
13 (Exhibit “B”).

14 19. According to minutes from the November 17, 2022, meeting of its Board of
15 Trustees, Mountain View-Los Altos Union High School District unanimously voted to approve a
16 contract with Acosta Educational Partnership to “provide support to ethnic studies teachers for the
17 2022-2023 school year.” See November 17, 2022, meeting minutes at C000006 (attached to this
18 Petition-Complaint as Exhibit “C”).¹¹

Alliance.

27 ¹¹ The minutes were found online at
28 <https://www.mvla.net/documents/Governance/Board%20Meeting%20Minutes%202022-2023/Approved-MVLA-Board-Meeting-Minutes-2022-11-17-Signed.pdf>. The reference to the
contract with Acosta Educational Partnership is found on page 6.

1 20. On March 20, 2023, the Los Alton Town Crier, a community newspaper, disclosed
2 that MV-LAUHS entered into a \$45,000 ethnic studies contract with AEP, and that MV-LAUHS
3 had since terminated its contract after completing payment to AEP.¹²

4 21. The March 20 newspaper article did not provide a reason for MV-LAUHS's
5 termination of the AEP contract, but did include the following:

6 recently some local residents and statewide organizations have voiced opposition to
7 both the curriculum and Acosta Educational Partnership, the consulting agency the
8 district hired to train ethnic studies teachers.

9 Advocates attended board meetings last month to express their outrage at the
10 district's relationship with AEP, which MVLA [Mountain View Los Altos High
11 School District] hired in November, because of the organization's alleged history of
12 antisemitism. A letter to Superintendent Nellie Meyer and the board penned by
13 MVLA parent Lia Rensin urged the district to end its contract with AEP and
14 postpone implementation of the full ethnic studies course until administrators
15 reassess the curriculum. Hundreds of people from within and outside the MVLA
16 community co-signed the letter...

17 The allegations of antisemitism mainly stem from AEP's association with Samia
18 Shoman, a San Mateo-based educator who served on the state's advisory committee
19 for the Ethnic Studies Model Curriculum draft created in 2019 that was publicly
20 panned by Jewish groups for containing anti-Zionist material. Gov. Gavin Newsom
21 ultimately vetoed the draft, calling it offensive.

22 22. As more fully alleged below, Petitioner served upon Respondent a set of Public
23 Record Act requests which, among other things, include within their scope records relating to the
24 terms of the contract between MV-LAUHSD and AEP; the formation of that contract; and the
25 actions taken by MV-LAUHSD and AEP pursuant to that contract. The above facts make clear that
26 MV-LAUHSD necessarily has documents responsive to Petitioner's requests.

27 23. Indeed, while the contract was apparently terminated, no public information
28 discloses whether AEP completed the work it was retained to do; what AEP work product and/or
information was imparted to MV-LAUHSD; and how that work product and/or information is being
used or what plans MV-LAUHSD may have for its future use.

 24. Santa Clara County is home to a substantial population of Jewish-Americans and a
substantial population of Israeli-Americans. These citizens of California are fully entitled to ensure

¹² Pendleton, *supra*, at https://www.losaltosonline.com/news/mv-la-fires-consultant-amid-ethnic-studies-curriculum-debate/article_10ebaa08-c76d-11ed-857f-cf45df898387.html.

1 that the public schools of this County do not preach bias against them on the basis of their
2 nationality, ethnicity, or religion. And they are fully entitled to know whether that right is being
3 fulfilled by the public schools of this County.

4 25. As more fully alleged below, Respondent acknowledged its receipt of Petitioner’s
5 PRA requests, but failed to respond to them, and has produced absolutely no documents, thereby
6 preventing Petitioner, and the public—including the parents of children enrolled in MV-
7 LAUHSD—from learning what MV-LAUHSD is actually teaching on these topics, and whether
8 MV-LAUHSD is complying with the mandates of California law barring the teaching of antisemitic
9 material and material that discriminates against Israeli-Americans and against the commitment to
10 Zionism.

11 **PARTIES**

12 26. Petitioner-Plaintiff The Deborah Project, Inc., is a non-profit, tax-exempt
13 organization, recognized under Section 501(c)(3) of the Internal Revenue Code and organized under
14 the laws of the state of Maryland, which is dedicated to uncovering, publicizing, and dismantling
15 antisemitic abuses in educational systems.

16 27. The Deborah Project is a member of the public under the CPRA, Gov. Code §
17 7920.520. 17.

18 28. The Deborah Project is beneficially interested in the outcome of these proceedings
19 and has a clear, present, and substantial right to the relief sought herein and has no adequate remedy
20 at law apart from that sought in this Petition.

21 29. Respondent-Defendant MV-LAUHSD is and at all relevant times has been a “local
22 agency” as that term is defined in California Government Code § 7920.510. MV-LAUHSD operates
23 public schools in (part of) Santa Clara County, California. Respondent-Defendant MV-LAUHSD is
24 the legal custodian of the records at issue in this lawsuit. MV-LAUHSD maintains its primary
25 administrative offices at 1299 Bryant Avenue Mountain View, California, 94040, is a legal resident
26 of Santa Clara County, California, and is amenable to service of process in Santa Clara County.

27
28

1 **JURISDICTION AND VENUE**

2 30. This Court has jurisdiction over this matter pursuant to Section 10 of Article VI of
3 the California Constitution, Code of Civil Procedure sections 1085 and 1060, and California
4 Government Code sections 7923.000 through 7923.115.

5 31. Venue is proper in this Court as Respondent-Defendant and the public records at
6 issue are located within the County of Santa Clara, and events giving rise to the claims occurred in
7 the County of Santa Clara.

8 **DISCLOSURE REQUIREMENTS UNDER THE**
9 **CALIFORNIA PUBLIC RECORDS ACT**

10 32. The State of California enacted its Public Records Act for the explicit purpose of
11 increasing freedom of information by giving the public access to information in possession of
12 public agencies. See *CBS, Inc. v. Block*, 42 Cal 3d. 646,651 (1986). The California legislature
13 proclaimed that “[i]mplicit in the democratic process is the notion that government should be
14 accountable for its actions. In order to verify accountability,” the legislature continued, the public
15 “must have access to government files. Such access permits checks against the arbitrary exercise of
16 official power and secrecy in the political process.” *CBS*, 42 Cal.3d at 651.

17 33. The CPRA requires that all records “containing information relating to the conduct
18 of the public’s business prepared, owned, used, or retained by any state or local agency” must be
19 made publicly available for inspection and copying upon request, unless those records are exempt
20 from disclosure. Gov. Code §§ 7922.525(a)-(b); 7920.530. If a Respondent claims that some
21 documents are exempt from disclosure, it must disclose all non-exempt material. Gov. Code §
22 792.525.

23 34. “All public records are subject to disclosure unless the Legislature has expressly
24 provided to the contrary.” *Sierra Club v Superior Court*, 57 Cal.4th 157, 165-66 (2013).

25 35. If a Respondent claims that any request is completely or in part denied, that must be
26 in writing and must set forth the names and titles or position of each person responsible for the
27 denial. Gov. Code §§ 7922.540 (a)-(b).

1 reasons therefore, and to state the estimated date and time when the records will be made available.
2 See Cal. Gov't Code § 7922.535(a)-(b) (previously codified at § 6253(c)). "In unusual
3 circumstances," the agency may request and obtain a fourteen (14) day extension, "setting forth the
4 reasons for the extension and the date on which a determination is expected to be dispatched. No
5 notice shall specify a date that would result in an extension for more than 14 days." *Id.*

6 41. Respondent-Defendant MV-LAUHSD failed to provide any response whatsoever
7 within ten days of The Deborah Project's request submission.

8 42. On March 29, 2023, or 34 days after Petitioner-Plaintiff had submitted its CPRA
9 request, MV-LAUHSD sent The Deborah Project an email that failed to state whether it had
10 disclosable records, let alone to identify when those records would be produced. Instead, the letter
11 asserted that MV-LAUHSD "hopes" it will be "able to determine whether it is in possession of
12 public records by April 7, 2023." (A copy of Respondent-Defendant's March 29 email is attached to
13 this Petition-Complaint as Exhibit "F".)

14 43. Citing the previous statute (Government Code section 6253(c), which has been
15 recodified at Cal. Gov't Code § 7922.535(a)-(b)), MV-LAUHSD's March 29 letter asserted also
16 that its response time "may be extended up to fourteen (14) days," but failed actually to request the
17 extension – which time frame MV-LAUHSD had already exceeded in any case.

18 44. April 7, 2023, came and went with no further response and no documents
19 forthcoming from Respondent-Defendant MV-LAUHS to Petitioner-Plaintiff The Deborah Project.

20 45. It has been more than 14 weeks since Petitioner delivered its set of CPRA requests to
21 MV-LAUHSD. That period is well beyond the length of time in which a public agency such as MV-
22 LAUHSD is required to respond to a request made pursuant to the CPRA. The Deborah Project has
23 received no communication whatsoever from MV-LAUHSD since its March 29, 2023 email.

24 46. In addition to having a statutorily-mandated right to a response to its requests, there
25 is strong reason to believe MV-LAUHSD has responsive documents.

26 47. The documents referenced above, in particular, the meeting minutes (Exhibit "C")
27 and Pendleton article (cited in footnote 1, *supra*), demonstrate that MV-LAUHSD indeed has
28 records responsive to each of the four categories requested, including but not limited to: the contract

1 or contracts with AEP, any change orders, and payment records; records of MV-LAUHSD’s actual
2 consultation with AEP (and any other consultants), including assistance in the development of
3 lesson plans, curriculum content and source material; records identifying all persons responsible for
4 determining the content of MV-LAUHSD’s teaching materials about ethnic studies, Israel, Zionism,
5 Palestine, and/or the Palestinians; and most likely also records relating to the curriculum MV-
6 LAUHSD has developed or bought that teaches about Israel, Zionism, Palestine, and/or
7 Palestinians, and actual course syllabi.

8 48. An article in the Mountain View High School student newspaper adds, “According
9 to an email from MVLA Board President Phil Faillace, MVLA had received services from AEP and
10 is making a final payment to the organization.”¹³ That article states further:

11 Julie Yick, Ethnic Studies task force head and Ethnic Studies teacher, said the
12 partnership between the MVLA district and AEP followed a heavy research process.
13 The process, according to Yick, included follow up conversations, **emails, and**
14 **documentation of those conversations and emails.**

15 49. Plainly, MV-LAUHSD has responsive documents.

16 50. For the reasons listed above, Mountain View-Los Altos Union High School
17 District’s failure to provide a timely, substantive response to The Deborah Project’s February 23
18 PRA request set constitutes an unlawful and ongoing violation of the California Public Records Act.

19 **FIRST CAUSE OF ACTION**

20 **(Writ of Mandate For Violation of Public Records Act,**

21 **Cal. Gov’t Code §§ 7920.000 et seq.**

22 51. The Deborah Project incorporates by reference the allegations contained in
23 paragraphs 1 through 50 above as though fully set forth at length herein.

24 52. As noted above, the CPRA imposes a clear ministerial duty on Mountain View-Los
25 Altos Union High School District to determine whether it is in the possession of responsive,
26 disclosable documents within not more than ten (10) days from receipt of Petitioner-Plaintiff’s
27 request. A fourteen (14) day extension is permitted, but only if the Respondent-Defendant requests

28 ¹³ Juan Vazquez Gonzalez, *MVLA changes contractors amid alleged antisemitism*, ORACLE (May 31, 2023) (*emphasis added*), <https://mvhsoracle.com/32694/uncategorized/mvla-changes-contractors-amid-alleged-antisemitism/>.

1 the extension, for an outside time limit of 24 days by which time MV-LAUHS was required to
2 notify The Deborah Project whether it had disclosable responsive records and the reasons for the
3 determination that some documents were non-disclosable, if any. *See* Cal. Gov't Code §
4 7922.535(a)-(b). Should Mountain View-Los Altos Union High School District determine that The
5 Deborah Project's requests seek disclosable public records, the CPRA also imposes a clear duty on
6 it to specify in its notification the estimated date and time when the requested records would be
7 made available. *Id.*

8 53. Mountain View-Los Altos Union High School District has failed to perform its
9 duties as required by the CPRA. Specifically, by its ongoing willful refusal to respond substantively
10 to The Deborah Project's set of CPRA requests which MV-LAUHSD received on February 23,
11 2023, or to provide the disclosable responsive documents (or an estimated date and time when it
12 would provide them), Respondent-Defendant has violated the California Constitution, Art. I, § 3,
13 and the California Public Records Act, Cal. Gov't Code §§ 7920.000 *et seq.*, and thereby caused
14 The Deborah Project to file suit to obtain the desired relief.

15 54. The Deborah Project has an immediate, vital, and beneficial interest in, and right to,
16 the performance by MV-LAUHSD of the aforementioned duties. Petitioner-Plaintiff has no other
17 plain, speedy, and adequate remedy at law. There are no material issues of fact necessary to the
18 resolution of this matter that are or can be disputed.

19 55. Section 10 of Article VI of the California Constitution provides that superior courts
20 and their judges have original jurisdiction in proceedings for extraordinary relief in the nature of
21 mandamus, certiorari, and prohibition. California Government Code section 7923.000 (previously
22 codified at section 6258) permits any person to institute proceedings for injunctive or declaratory
23 relief or writ of mandate to enforce his or her right to inspect or to receive a copy of any public
24 record under the CPRA. Code of Civil Procedure section 1085 authorizes the Court to issue a writ
25 of mandate to Mountain View-Los Altos Union High School District to compel the performance of
26 the aforementioned mandatory duties under the CPRA.

27
28

1 **SECOND CAUSE OF ACTION**

2 **(Declaratory Judgment and Injunctive Relief)**

3 56. The Deborah Project incorporates by reference the allegations contained in
4 paragraphs 1 through 55 above as though fully set forth at length herein.

5 57. An actual controversy exists between The Deborah Project and Mountain View-Los
6 Altos Union High School District regarding MV-LAUHSD's mandatory duties under the CPRA.

7 58. Mountain View-Los Altos Union High School District's failure to perform its clear
8 duties under the CPRA is a violation of that statute.

9 59. The Deborah Project is being irreparably harmed by Mountain View-Los Altos
10 Union High School District's failure to perform its duties under the CPRA, and The Deborah
11 Project will continue to be irreparably harmed unless MV-LAUHSD is compelled to comply with
12 the law.

13 60. The Deborah Project has no plain, speedy, and adequate remedy at law.

14 **PRAYER FOR RELIEF**

15 WHEREFORE, The Deborah Project respectfully prays this Court:

16 1. For issuance of a writ of mandate ordering Mountain View-Los Altos Union High
17 School District to provide all records responsive to Petitioner-Plaintiff's CPRA requests as set forth
18 above;

19 2. Alternatively, if the Court does not order immediate production of the records
20 requested, that it order Respondent to show cause why the records should not be released and
21 prepare a log of withheld records, and thereafter issue a writ of mandate and injunction ordering the
22 requested records to be disclosed;

23 3. For an Order of declarative and injunctive relief, including but not limited to,
24 declaring that the withheld materials are public records as defined by Government Code section
25 7920.530, subdivision (a) in that they contain information relating to the conduct of the people's
26 business, prepared, owned and retained by Respondent-Defendant, and are subject to disclosure as
27 writings of a public agency under Article 1, § 3(b) of the California Constitution; and declaring that
28 Respondent-Defendant violated the CPRA by failing to promptly respond to The Deborah Project as

1 it is required by law to so do, and also by failing to produce the requested responsive documents to
2 The Deborah Project and the public; and enjoining MV-LAUHSD to provide the requested records;

3 4. For a finding that Petitioner-Plaintiff is the prevailing party in this action;

4 5. For an award of attorney fees and costs to Petitioner-Plaintiff pursuant to
5 Government Code section 7923.115 or any other applicable law;

6 6. For judgment accordingly; and

7 7. For such other and further relief as the Court may deem just and proper.

Liberated Ethnic Studies Model Curriculum Coalition

Ethnic Studies rose from the ashes of civil unrest. In the late 1960s, Chicana/o high school students echoed anti-Vietnam War activists, declaring “our struggle is not in Vietnam but in the movement for social justice at home,” and joined with the Black, Native American and Asian American liberations movements to improve the quality of life for the nation’s communities of color. Educational justice was a critical component of the movimiento. High school students and communities of color demanded a rapid, revolutionary, and liberatory reconstruction of the public education system, and called for their historical, cultural and linguistic knowledge to become a central part of the curriculum. For more than 50 years, communities of color have advocated for Ethnic Studies as a critical academic discipline, holding hunger strikes, rallies and sit-ins.

Numerous scholars have documented the importance of Ethnic Studies in K-12 education and explained that “standards-based curricula and test-driven teaching are missing the mark” (Tintiango-Cubales, Kohli, Sacramento, Agarwal-Rangnath & Sleeter, 2014). When students of color see themselves in the curriculum, they have an improved sense of belonging, are better able to handle institutionalized racial microaggressions, and do better in school in measurable ways.(Cabrera, Milem & Marx, 2012; Camarota, 2017; Dee & Penner, 2017; Montiero, 2020; Sleeter, 2011). A historical study (Sleeter, 2011) commissioned by the NEA concluded that the academic achievement and social well-being of all students improves with the implementation of an “academically rigorous” Ethnic Studies curriculum. A Stanford study found that Ethnic Studies classes increased school attendance by 21 percent, GPA by 1.4 grade points and credits

earned by 23. An Arizona study found that students were more likely to graduate from high school and pass standardized exams (Cabrera, 2014).

In early 2019, Ethnic Studies activists were hopeful that California would develop and approve an authentic Ethnic Studies curriculum. AB 331 (Medina), which required the California Department of Education (CDE) to construct an Ethnic Studies framework, was seen as a prerequisite to the adoption of Ethnic Studies as a high school graduation requirement. To that end, the CDE selected 19 Ethnic Studies expert practitioners to draft the California Ethnic Studies Model Curriculum (ESMC). Many current members of the Liberated Ethnic Studies coalition joined that effort.

The Controversy Erupts

The expert developers of the Ethnic Studies Model Curriculum Advisory Committee (ESMAC), who represented every region of California, met four times, laboring to develop a curriculum that captured the silenced, hidden, and often forgotten voices of Californians of color. Three educator-writers captured their wisdom and expertise. They developed a framework that included: an introduction and overview; course outlines including lesson plans (Introduction to Ethnic Studies, African American Studies, Chicana and Latinx Studies, Asian American Studies, and Native American Studies); a listing of Ethnic Studies courses meeting A-G requirements; and a glossary. The ESMAC debated, discussed and developed, understanding that districts could use what they desired, add missing components, and develop relevant curriculum for their specific context. The framework was developed with fidelity to the field, situated in the struggles of people of color against racism and colonialism, and directed toward liberatory education.

The ESMAC was composed primarily of educators of color who spoke their truths. When that happens, privileged voices rise in opposition. In Summer 2019, rightwing political lobbyists organized an "all lives matter" movement, implicitly and explicitly attacking the Critical Race Theory that underlies Ethnic Studies as a discipline. The proposed ESMC was heavily attacked. The *Wall Street Journal* attacked the document for critiquing capitalism. *Breitbart* added its voice to the chorus. California Jewish Legislative Caucus argued against that the social vilified a social movements lesson that included the BDS (Boycott, Divestment and Sanctions) movement,

Other conservative members of the Jewish community argued against the inclusion of important Arab leaders (Edward Said, Rashida Talib, Ilhan Omar). Zionist organizations and media leveled accusations of antisemitism at ESMAC members.

Bowing to rightwing pressure, the CDE disbanded the ESMAC and shut them of the process.

The ESMC that the state Board of Education approved in March 2021 bears so little relation to the original draft that every member of the ESMAC demanded that their name be removed. For example, the critical edge of Ethnic Studies has been sanitized by removing or redefining such critical terms as capitalism and revolution. The African American lesson on the Black Lives Matter movement fails to depict the true causes of police brutality, the significance of ongoing anti-racist struggle in African American communities and the impact BLM has had on all communities of color. All mention of Palestine has been erased. The current ESMC is a watered-down version of multicultural United States history.

Birth of the Liberated Ethnic Studies Model Curriculum Coalition

The state's submission to rightwing demagogues and lobbyists has emboldened the Ethnic Studies movement. More than 50 Ethnic Studies educators and activists from throughout California, committed to contesting white supremacist notions of academic knowledge, convened to develop and implement a Liberated Ethnic Studies Model Curriculum (LESMC).

The LESMC coalition first convened in April 2020. Participants included former members of the ESMAC, other Ethnic Studies scholars and educators, teacher union activists and curriculum developers. Teachers from the following school districts attended: Los Angeles, San Diego, Oakland, Alhambra, Sacramento, San Mateo, Fresno, and Tucson (AZ). The higher education members of the team hailed from CSU Sacramento, CSU Northridge, Woodland Community College, and CSU Chico. The team included specialists in the following disciplines: African American Studies, Asian American Studies (including Pacific Islander, Pilipino and Arab American Studies), American Indian and Native American Studies, Chicanx/Latinx Studies, Southwest Asian and North African Studies, and Comparative Ethnic Studies. More recently, LESMC has added members from CSU San Marcos, San Jose Unified School District, Alisal

School District, and San Lorenzo Unified School District, and added members from the Sikh, Korean, and other communities missing from the original ESMC team.

The Liberated Ethnic Studies Model Curriculum Vision

The purpose of the LESMC is to promote the advancement and implementation of well-designed Ethnic Studies courses and programs for the purpose of advancing students' academic achievement, educational equity, community activist scholarship, and community leadership skills.

We will accomplish our vision by:

1. Building our capacity to collaborate with educators, school districts, and teacher preparation programs committed to Ethnic Studies, social change and educational equity.
2. Providing the best learning practices for a standardized Ethnic Studies programs in public education rooted in the fields of African American Studies, Asian American Studies, Chicanx/Latinx Studies, and American Indian Studies.
3. Honoring ancestral knowledge, struggles, and friendship built in solidarity with educators, parents, and historically disenfranchised youth belonging to low-income communities.
4. Equipping Black, Chicanx/Latinx, Asian American, American Indian/Native American and low-income youth with skills to participate in community advancement, social justice, and transformative change.
5. Acting as a resource for educators to engage in professional development and implementation of Ethnic Studies that embeds models of social change with fidelity to the discipline.
6. Operationalize the tools, concepts and best teaching practices/curriculum development protocols in order to effectively implement well-designed Ethnic Studies programs in public education.

LESMC Definition of Ethnic Studies

Ethnic Studies is the interdisciplinary study that centers Asian Americans & Pacific Islanders, Chicanx/Latinx , American Indians/Native Americans, and Africana/Black/African Americans

who have experienced, survived, and resisted settler colonialism, racism, and hegemonic systems and structures of oppression. Using Ethnic Studies epistemology, content and pedagogy, Ethnic Studies aims to educate students to be socially, politically, and economically conscious of their personal connections to local and (trans)national histories. Students in these courses study topics through the intersectional lenses of race, ethnicity, culture, gender, sexuality, ability, language, immigrant status, and class. They analyze indigeneity, white supremacy, oppression, privilege, and decolonization, and work toward empowering themselves as anti-racist leaders who engage in social justice activism. Reflection, Naming, Dialogue and Action drive the learning and support the belief that each person has important narratives, stories, and a voice to share. Students will have the opportunity to cultivate intersectional solidarity with groups of people, locally and (trans)nationally, to foster active community responsiveness, social engagement, radical healing, and critical hope.

Chapters

The LESMC curriculum is divided into six chapters:

- Introduction to Ethnic Studies (History, Definition and Pedagogy)
- Black Studies
- Asian American Studies (including Pacific Islander, SWANA and Arab American Studies)
- American Indian and Native American Studies
- Chicanx/Latinx Studies
- Intersectionalities and Comparative Ethnic Studies

Guiding Principles: “The Seven C’s”

These Guiding Principles are foundational concepts and pedagogical practices embedded in all LESMC lesson plans and units. They lay the basis for Ethnic Studies as a discipline distinct from multicultural education. Based on work by ESMAC [cochairs](#) Allyson Tintinco-Cubales and R. Toltecka Cuahtin and modified by the ESMAC, they have been adopted by the LESMC:

1. Cultivate empathy, community actualization, cultural perpetuity, self-worth, self-determination, and the holistic well-being of all participants, especially Native People/s and people of color (POC).
2. Celebrate and honor Native People/s of the land and communities of color by providing a space to share their stories of struggle and resistance, along with their intellectual and cultural wealth.
3. Center and place high value on pre-colonial, ancestral, indigenous, diasporic, familial, and marginalized knowledge.
4. Critique empire and its relationship to white supremacy, racism, patriarchy, cisheteropatriarchy, capitalism, ableism, anthropocentrism, and other forms of power and oppression at the intersections of our society.
5. Challenge imperialist/colonial hegemonic beliefs and practices on the ideological, institutional, interpersonal, and internalized level.
6. Connect ourselves to past and contemporary resistance movements that struggle for social justice on the global and local levels to ensure a truer democracy.
7. Conceptualize, imagine, and build new possibilities for post-imperial life that promotes collective narratives of transformative resistance, critical hope, and radical healing.

Themes: “The Five S’s”

Each chapter develops lessons on the following themes:

1. Self: The story of my racialized intersectional identity.
2. Stories: The collective narratives of my people.
3. Systems:
 - The experiences of my people with systems of power and oppression.
 - The analysis of systems of oppression as a vehicle to imagine a better world.
4. Social Movements: The resistance and resilience of my people in organizing against injustice.
5. Solidarity: The transformative solidarity between my people and other communities in constructing a better world.

Professional Development and Support

The LESMC Coalition's scholars, activists and practitioners are available for professional development, curriculum development and guidance on course/district implementation of Ethnic Studies. Our goal is to provide access to quality, aligned and liberatory Ethnic Studies to as many educators as humanly possible. At the same time, we continue to advocate for an anti-racist, anti-colonial, liberatory Ethnic Studies for all students in California and throughout the United States.

Preparing to Teach Palestine: A Toolkit

Understanding Zionist Backlash

Given the attacks on teaching about Palestine, it's important for us as educators to understand the nature of the attacks and where they're coming from. These aren't spontaneous protests from random individuals; they are led, organized and financed by Zionist organizations in the United States and Israel.

Zionism is a nationalist, colonial ideology that, from the late 19th century on, has called for the creation and expansion of Israel as a Jewish state in historic Palestine by any means necessary. As support for Palestine and criticism of Israel's apartheid policies have grown in the US and internationally, Zionist organizations have stepped up their efforts to silence discussion of Palestine/Israel in movement circles, on college campuses, and now in K-12 education.

The Anti-Defamation League (ADL), the Jewish Community Resource Council (JCRC), and Simon Wiesenthal's Museum of Tolerance are some of the most active Zionist organizations fighting against Palestine curriculum

the most active Zionist organizations fighting against Palestine curriculum K-12. All three organizations have tried to position themselves as advocates and experts on anti-bias education.

Both the ADL and the Museum of Tolerance have enormous influence in the construction and dissemination of what they call anti-bias curriculum in California's public schools. However, as Zionist organizations, their primary goal is to stunt the development of authentic anti-racist curriculum to ensure an Israel-friendly analysis. They want to prevent teachers and students from making connections between the US and Israel as white settler states, or apartheid-era South Africa and the current apartheid in Israel. They also want to prevent an understanding of Islamophobia that reveals the connections between anti-Arab racism, Islamophobia, and US imperial wars in Southwest Asia and North Africa. Attacks on teachers who bring Palestine into their classrooms or advocate for staff development on the history of Palestine and Israel usually take the form of accusations of antisemitism. Zionists argue that any discussion of Palestine or critique of Israel creates an "unsafe climate" for Jewish students.

Palestine or critique of Israel creates an "unsafe climate" for Jewish students.

It's important to be clear:

- Critical pedagogy about Israel's role in Palestine is not antisemitic.
- Antisemitism is discrimination against, violence towards, or stereotypes of Jews for being Jewish. Criticism of Israel's policies of apartheid and oppression of Palestinians is not antisemitism.
- False accusations of antisemitism that rely on the conflation of the State of Israel with Jewish identity are an explicit strategy of Zionists, who portray Palestinians as motivated by antisemitism or irrational hatred rather than resistance to oppression.
- Zionists claim to speak for all Jews, but Zionism is distinct from Judaism. Growing numbers of Jews are critical of Israel's settler colonialism and support teaching Arab-American studies and Palestine.
- Claims that discussion, or even mention, of Palestine makes

- Claims that discussion, or even mention, of Palestine makes classrooms “unsafe” for Jewish or Israeli American students are racist, just like claims that discussion of slavery or Jim Crow makes classrooms unsafe for white students. Students are empowered by exploring accurate history, looking beneath rightwing myths to face what’s really going on in the world. Recognizing patterns of continuing colonialism and the long history of resistance and resilience is freeing for all of us. That’s how our youth will be able to build the relationships and strategies necessary to create a better world.
- Safety comes through solidarity. Antisemitism—like anti-Asian, anti-Black, anti-Palestinian, and Islamophobic attacks and rhetoric—exists in every community, but it is fostered and exploited by rightwing movements in the US and around the world that gain power by keeping us divided.

Be Strategic!

If you've taught controversial curriculum—LGBTQ history and rights, sex-positive sex ed, prison abolition, US imperialism/militarism, anti-racist resistance, reproductive justice—the issues around planning aren't very different. You want to be a courageous educator, but you also want to be strategic and think long-term. Here are a few factors to consider:

- Are there other teachers at school or in your union you can strategize and collaborate with? Even one or two other teachers who will have your back and help you think things through makes an enormous difference.
- Think about who you are and the situation you're in. When issues come up, it's not all equal. For example, white privilege provides protection. If you're tenured, you're more protected, especially if you're in a public school and you're in a union. Those factors may give you the ability—and the responsibility—to take more risks to do the right thing.
- Who is in your classroom? If your classroom is a mirror and window, if you're giving students tools that they can see are useful to them—

- Who is in your classroom? If your classroom is a mirror and window, if you're giving students tools that they can see are useful to them—they are going to be your strongest allies, especially in middle and high school. Are there student clubs where progressive students are already organized?
- What about parents and other members of the community? If there's a PTA, does it support social justice teaching? Are parents or the local community organized in support of progressive causes that will make them likely to support your work? On the other hand, are the JCRC, the ADL, the Jewish Federation and/or other Zionist organizations active and likely to create problems? If so, how can you build support before you begin so you're in a strong position to withstand potential attack?
- Is the administration likely to be supportive if you tell them about your plans? Or are you better off trying to fly under the radar or growing strong enough as a group to pressure them? You know your situation best, but administrators usually hate controversy, so it's a lot easier for them to say no or institute a process that delays your work forever rather than support you moving forward. On the other hand, if you have grassroots support and are doing teaching that

On the other hand, if you have grassroots support and are doing teaching that your students love, the administrator can see that they will have problems if they shut you down.

Base Strong Curriculum in Strong Pedagogy

- As always with social justice curriculum, start by building community in your classroom. Your students need to know it's safe for them to speak from their hearts, tell their stories, be vulnerable, have feelings, and make mistakes—that your classroom is a nurturing place for opening up and changing.
- Think carefully as you create your curriculum. Start with your students' lives. What issues are most resonant for them? How can you connect Palestine? You might want to center gentrification and forced relocation, criminalization of youth, or hip-hop as resistance. Maybe you want to take a deep dive into the Native American history in your area and connect that to settler colonialism in Palestine.
- Take advantage of resources and curriculum that already exist. See the resources list at the end of this toolkit.
- Integrate Palestine into your curriculum so it's not a "multicultural add-on" but an illuminating comparison. A few examples: impact of continuing colonial control on water resources at the US/Mexico border and in Gaza, using statistics to look at forced removals in your city and East Jerusalem, impact of ideology comparing Manifest

A few examples: impact of continuing colonial control on water resources at the US/Mexico border and in Gaza, using statistics to look at forced removals in your city and East Jerusalem, impact of ideology comparing Manifest Destiny to the Promised Land, efforts to bury history and the struggles to resurface those histories.
- Then, make sure you can justify your curriculum with your state standards.

Organize Your School! Organize Your District!

There have always been teachers who shut their doors and teach their students liberatory curriculum. That's an incredibly important contribution to the emotional health of our students and to the struggle for racial and social justice. Many of us trace our own politics back to one of those teachers. Other teachers are interested in organizing on a schoolwide, districtwide, statewide or national level.

If you're interested in broader organizing in your educational setting, it will be important to create a support system for this incredibly important collective work. Locate a space to be visible, encourage one another, strategize and be your authentic selves. Make sure you have a site of activism and healing on your school site, in your union and with the community.

Never take on this work alone; make time to meet with others on a regular basis to collectively strategize your plans for education and action. Many unions have racial justice and/or human rights committees already actively engaged in issues like Defunding the Police, Black Lives Matter, Immigrant

engaged in issues like Defunding the Police, Black Lives Matter, Immigrant Rights and other just causes. Connect with these union activists.

You may want to form a Palestine affinity caucus. Forming a caucus will help in educating union members and passing important initiatives in support of Palestine. However, if the existing racial justice or human rights committee is open to explicit support of Palestine, a separate caucus may not be necessary.

Either way, create a space inside your school and within the union to engage in this critical work. Remember, it is important to educate. Often even your most seasoned activists are not well-versed on the subject of Palestine or prepared for Zionist backlash. Build community, folks.

Inevitably, you will need to engage with activists outside of the union to support, co-sponsor, engage in mutually supportive projects and, also, to help one another negotiate the treacherous waters of white supremacy. The community can help you with resources, pedagogical tools, and help secure people to assist in your endeavors. Introduction

The past year has seen an enormous shift in the landscape for teachers who want to include Palestine in their curriculum. In California, attacks by Zionist and other right-wing organizations on the inclusion of Arab American studies—and specifically Palestine—in the CA Ethnic Studies Model Curriculum (ESMC) have shone a spotlight on Palestine and importance of including it in ethnic studies curriculum. Many educators who have taught ethnic studies for years without thinking about Arab

American history are reflecting on their curriculum, learning new content, and making revisions. Discussions about the pedagogical importance of comparing and contrasting settler colonialism in the US and Palestine have been central to that process. The vicious attacks that equate any mention of Palestine with antisemitism have pushed teachers, unions, and districts to understand that honest discussion of Israel's role in the oppression of Palestinians is not antisemitism.

Another factor has been the shift in public opinion in light of Israel's May 2021 bombing attacks on Gaza, their efforts to forcibly expel longtime Palestinian residents of Sheikh Jarrah and Silwan in Jerusalem, and their

Another factor has been the shift in public opinion in light of Israel's May 2021 bombing attacks on Gaza, their efforts to forcibly expel longtime Palestinian residents of Sheikh Jarrah and Silwan in Jerusalem, and their violent suppression of Palestinian resistance. Even media as blindly loyal to Israel as the New York Times have carried front page stories on the children murdered by Israeli bombs in Gaza and home demolitions in Silwan. As the violence dominated the news, students pushed their teachers to explain what was happening, and to make space for classroom discussion of the issues.

So we are seeing an upsurge in interest in learning about and teaching Palestine, often within an ethnic studies framework. At the same time, Zionists are organizing to police curriculum on Palestine. They often try to isolate and attack individual teachers to scare other educators away.

That's not a reason not to teach about Palestine, just as attacks on Black Lives Matter in Schools isn't a reason not to teach Black history. Teaching the truth about the history of the US is a liberatory act, for teachers and for students. Teaching the truth about Palestine is also a liberatory act, for teachers and for students. It's a political decision. But, as much as possible,

It's a political decision. But, as much as possible, you want to be strategic. The goal is for your anti-racist teaching to be sustainable, and to be part of a larger movement. This is a road we're making by walking, but this toolkit provides a brief framework for thinking about how to approach teaching about Palestine.

15.1 Public Comment on Items Not on the Agenda

Anyone wishing to address the Board on any topic not listed on the agenda should make a request to the Board President by completing a request to be heard form and present it to the Superintendent's Executive Assistant. The President will recognize those who desire to speak either during the "Public Comment" section or during the particular agenda item. Each speaker is allocated a maximum of 3 minutes. The President may choose to limit any position or topic if substantial numbers of people wish to address the Board. If you wish to speak on an issue not on the agenda, please be advised that the Board may not take action on any item not specifically listed on the agenda. The Board members may ask brief questions for clarification, but may not otherwise discuss the issue. The Board values constructive community comments and suggestions and welcomes your participation in the democratic process.

Recommendation: Listen to public comment.

No public comment received.

16.10 Mountain View High School Student Services Project and Los Altos High School Student Services Project Budget Revisions

Staff recommends increasing the Mountain View High School Student Services project budget by \$750,000 and increasing the Los Altos High School Student Services project budget by \$1,600,000. The cost increase at each site has arisen from the following: 1. Ongoing air monitoring required by BAAQMD—this is a requirement in order to be eligible for state funding through the Schools Facility Program (SFP) and was not part of the original budget because there was no such requirement when the budget was built. The cost will be recovered from the funds received under that program. 2. Building cost escalation in the Bay Area has been at the unforeseeable rate of approximately 13% per year for the last two years, compounding to a 28% total increase. 3. Parking lot repair/replacement at end of job—not included in original scope/budget and will be paid for with district maintenance funds. The budget increase is needed because the current project contingency has been used. Any unused contingency funds at the end of this project would go back to the overall Measure E Bond program budget. As noted, a significant amount of the increased budget is due to costs related to BAAQMD requirements. The District has spent over \$3M in these costs across all projects. However, this is in order to be eligible for almost \$30M in SFP funds. The first tranche of money, based on MVLA modernization projects soon to be reviewed by OPSC, is close to \$4.5M, effectively reimbursing the entirety of the compliance costs. Although there is no firm date for when this first amount of funds will be received, the district's application is very close to being reviewed and the funds are released soon after. Even with the increased budgets for both student services projects, district staff anticipate the projects remaining on the Measure E bond program list will still be able to be completed.

Recommendation: Approve the revised project budget.

16.11 Change Order #10A Between Mountain View Los Altos High School District and Beals Martin to Provide Services Related to the Mountain View High School Auxiliary Gym Project

Mountain View Los Altos High School District is requesting Change Order #10A with Beals Martin be ratified: - Four (4) concrete footings at fence posts are in conflict with building footings, therefore, the footings are deleted, and contractor shall furnish & install (weld) metal plates at posts to secure the fence. - Per flooring manufacturer requirements, the slab moisture should be below 85%, and after performing two tests (one by the sub-contractor and one by a 3rd party), it was determined that the moisture content is over the flooring manufacturers limit. This was an unforeseen condition, therefore, contractor is required to furnish and install a vapor barrier (Koster VAP-2000- thin layer of impermeable material to prevent moisture from damaging the flooring) over the slab, prior to installing wood flooring, to provide warranty.

16.12 Change Order #10A Between Mountain View Los Altos High School District and Beals Martin to Provide Services Related to the Mountain View High School Student Services Building Project

Mountain View Los Altos High School District is requesting Change Order #10A with Beals Martin be ratified: - Provide and install approximately 200 linear feet of studs at the parapet area to increase parapet height, per Request for Information #321. - Per Division of the State Architect review, it was determined the railing glass thickness shall be changed and up sized. Due to the change, there will be more labor involved as the glass is heavier (to carry to the second floor, and to install), and there is a material cost difference for the glass and railings. - Per structural request, a metal plate shall be fabricated and installed at the intersection of a beam and column to improve structural integrity as shown on Architect Supplemental Instruction #55 and Construction Change Directive #27. - Per structural request, a metal (bent) plate shall be fabricated and installed at the trash enclosure (room) to support the deck and maintain structural integrity per Request For Information #369. - Due to an unprecedented increase in inflation in a brief time; For steel, electronics, freight and other components, there have been significant increases in material and labor costs. Therefore, following is additional cost for elevator material based on mentioned factors.

17.0 Items Pulled from Consolidated Motion for Discussion

There were no items pulled from Consolidated Motion.

18.0 Business/Action Items

18.1 Proposed New Courses of Study

The New course proposal process starts in the fall and includes dialog between site teachers and administrators, a proposal presented to the site leadership team in which they engage in dialogue, asking questions, and end the end, voting on their endorsement. The new course proposal is then sent to the Associate Superintendent of Educational Services and if approved, sent to the Board. Mountain View High School is proposing the following new courses: Business Management, Work Exploratory, and Health Careers. The Business Management course develops academic and analytical skills that will enable students to succeed in college and at the same time provides students with experience managing a small business. This course will be a CTE course and will be the connector course to Business Management II to complete a CTE pathway. The Work Exploratory course will provide students with a course on exploring careers and how to gain professional experience to explore opportunities in their chosen field. This aligns with our District goals to offer more CTE courses on campus. In a survey given to students, this course was rated very high in student interest. The third new course proposal from MVHS is for an Architectural Design II class. This class will be a capstone class to Architectural Design I. Adding in Architectural Design II will make a complete CTE pathway. This aligns with our District goals to offer more CTE courses on campus. The last new course MVHS is proposing is Health Careers. Their goal is to develop a full pathway for the Health Careers Pathway. Health Careers will be a first/concentrator course in the Pathway. This course aligns with our district goals. Include specific references to CCSS, CA-NGSS, State and College Board Frameworks, and District goals as appropriate.

To: Supt. Nellie Meyer Superintendent.office@MVLA.Net
Assoc. Supt of Educational Services Teri Faught Teri.Faught@MVLA.Net

Subject: California Public Records Act Request for Mountain View-Los Altos School District

Dear Supt. Meyer and Assoc. Supt. Faught,

Pursuant to the California Public Records Act ("CPRA"), Cal Gov't Code §§ 7920.000 *et seq.* (previously codified at §§ 6250.00 *et seq.*), The Deborah Project hereby requests copies of the records identified below from January 1, 2018 to the present:

- All public records relating to teaching about or preparing to teach about, any of the following: "Ethnic Studies," "Zionism," "Zionists," "Israel," "Palestine," "Palestinians," "Arabs," "Arab-Americans" in your school district, including but not limited to all training materials presented (including but not limited to those handed out) to those attending the Ethnic Studies training by Acosta Educational Partners on January 9 and January 30, 20223.
- Public records sufficient to show the identity of all persons responsible in whole or in part for determining the content of your district's teaching materials about or relating to any of the following: "Ethnic Studies," "Zionism," "Zionists," "Israel," "Palestine," "Palestinians," "Arabs" and "Arab-Americans," and how those persons were selected for this task, including their connection to and knowledge about the field of ethnic studies.
- All public records relating to the consultation by your district and/or employees of your school district with any non-school district employees regarding the teaching of or preparing to teach about any of the following: "Ethnic Studies," "Zionists," "Zionism," "Israel," "Palestine," "Palestinians," "Arabs" and "Arab-Americans."
- All public records relating to the determination of and any compensation or financial consideration paid or transferred to any entity or individual relating to the development of materials used in, or consultation services regarding, teaching or training teachers to teach about any of the following: "Ethnic Studies," "Zionism," "Zionists," "Israel," "Palestine," "Palestinians," "Arabs," and "Arab-Americans."

Please note that under the CPRA, the definition of "all public records" includes

"any writing containing information relating to the conduct of the public's business prepared, owned, used, or retained by any state or local agency regardless of physical forms or contacts," §7920.530.

And "writing" is defined as:

"means any handwriting, typewriting, printing, photostating, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored." §7920.540.

Please also note that while The Deborah Project is seeking the production of names and titles where relevant, we are not seeking phone numbers, social security numbers, or other personal identifying information, the disclosure of which would constitute an invasion of privacy.

As required by law, please provide a response to this request within ten days of your receipt of this letter.

Thank you for your time and attention to this matter.

Sincerely,

Lori Lowenthal Marcus, Esq.

Subject: Re: From the Desk of Lori Lowenthal Marcus, Esq.: Public Records Request

Hello Tiye Wisdom,

On behalf of the Mountain View-Los Altos Union High School District ("District"), this email constitutes the District's initial and final response to your February 23, 2023, request for records pursuant to the California Public Records Act ("PRA"), Government Code section 6250 et seq. Your request seeks the following:

- All public records relating to teaching about or preparing to teach about, any of the following: "Ethnic Studies," "Zionism," "Zionists," "Israel," "Palestine," "Palestinians," "Arabs," "Arab-Americans" in your school district, including but not limited to all training materials presented (including but not limited to those handed out) to those attending the Ethnic Studies training by Acosta Educational Partners on January 9 and January 30, 20223.
- Public records sufficient to show the identity of all persons responsible in whole or in part for determining the content of your district's teaching materials about or relating to any of the following: "Ethnic Studies," "Zionism," "Zionists," "Israel," "Palestine," "Palestinians," "Arabs" and "Arab-Americans," and how those persons were selected for this task, including their connection to and knowledge about the field of ethnic studies.
- All public records relating to the consultation by your district and/or employees of your school district with any non-school district employees regarding the teaching of or preparing to teach about any of the following: "Ethnic Studies," "Zionists," "Zionism," "Israel," "Palestine," "Palestinians," "Arabs" and "Arab-Americans."
- All public records relating to the determination of and any compensation or financial consideration paid or transferred to any entity or individual relating to the development of materials used in, or consultation services regarding, teaching or training teachers to teach about any of the following: "Ethnic Studies," "Zionism," "Zionists," "Israel," "Palestine," "Palestinians," "Arabs," and "Arab-Americans."

The District understands its obligation under the PRA to assist you with making a focused and effective request that would facilitate the identification of responsive records. (Gov. Code, § 6253.1.) If, at any time, you believe that the District has improperly interpreted your requests or you would like to clarify your requests, please contact our office to explain your position, and the District will take it under consideration and/or should you desire District assistance in clarifying your requests.

At the outset, please be advised that the PRA does not require public agencies to make disclosable documents available within a certain time frame or by a set date established by the requester. Rather, Government Code section 6253(c) merely requires that a public agency make an initial

determination of whether it has disclosable records in its possession that are responsive to the request within ten (10) days of receipt of a request. Further, the PRA exempts certain categories of records and some of those exceptions may apply directly to your request. (See Gov. Code §§ 6252 and 6254.) To the extent that any responsive records fall within any of the categories covered by one or more of the exemptions, please be advised that the District will not produce those records as they are exempt from disclosure under the PRA.

Although the PRA requires a public agency to communicate its initial determination of whether it has disclosable records that are responsive to a request for reasonably identifiable records within ten (10) days of receipt of such request, a public agency may extend this deadline to make its initial determination in certain circumstances. (Government Code section 6253(c).) Specifically, the time limit to provide a requester with a determination of whether the public agency has responsive, disclosable records may be extended up to fourteen (14) days by written notice setting forth the reasons for the extension and when a determination is expected.

Please be advised that the District will require additional time to fully respond as authorized by Government Code sections 6253(c)(1) and (c)(2) because of the scope and broadness of the Request. The District hopes that it will be able to determine whether it is in possession of public records by April 7, 2023. The District will notify you if it is able to complete its search within the specified time.

Sincerely,

Debbie Maher
